Patent application No.: 09/624,236  
Art Unit 2634  
Applicant and inventor: Zion Hadad  
PTO Customer Number : 000047706

Filing date: January 28, 2000  
Title: OFDM Communication Channel

Dear Sir/Madam

**Appeal re Rejection of my Petition to Revive 09/624,236**

I understand that my petition to revive the above application, now abandoned, has been rejected.

I hereby file this petition to reconsider the above decision, with a view to reviving the patent application. Please consider the following:

1. For six years now, I am pursuing this application, filing corrections as required, paying additional fees, answering the USPTO the best I can.

2. Mail to Israel is sometimes delayed and sometimes letters are lost in the mail. May the Board please consider the fact that Israel is at war and under continuing terrorist attacks, this sometimes causing communication problems.

3. Knowing the problems with mail, I write my email in every letter to PTO. I signed an Authorization for email communications in 09/624,236.

I always ask, Please notify me by email of any problems, but it was not done.

4. This patent application is very important to me, I am fully determined to act so as to fill all the formal and/or monetary requirements at the PTO, to have the patent issued. Please use the attached Credit Card Payment Form to pay for the present appeal and as required to pursue this application.

5. Given the approval by the USPTO, I plan to employ an American patent agent to pursue this application as required, so as to get a patent issued.

This letter was sent by fax to the USPTO on 5 March 2007. I hereby declare that it was also mailed with US mail, addressed to the USPTO, on 5 March 2007.

Thank you.

Sincerely,

Zion Hadad.  
48 Haalmogim Street  
Rishon Lezion  
Israel
